Ukraine: WFTU denounces the fascist attack against the Office of the Labor Organization Trudovaya Kharkivschina

The World Federation of Trade Unions, which is the militant voice of 92 million workers in 126 countries all over the world, strongly condemns the attack against the Offices of Trudovaya Kharkivschina Labor Organization unleashed on 05/07/2018 in Kharkiv, Ukraine by the far-right organization "National Corps", who destroyed equipment and important material of the Organization.

This cowardly attack came after workers' mobilizations on the occasion of the May Day, fact that once more proves that fascism goes hand in hand with the interests of the large monopolies and wants the workers to be silent and intimidated.

We are expressing our support and solidarity to the trade unionists of Trudovaya Kharkivschina and we call on the workers' of Kharkiv and of Ukraine to strengthen their struggle for the isolation of the far - right groups and for the improvement of their working and social rights.
